### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The independent claims of the instant invention are drawn to a method for measuring a workpiece and a computer program used with an apparatus for performing the method. The independent claims all require that a probe is used in a *specific* manner with an object to be measured. The independent claims also require that the data gathered during these measuring steps is processed in a *specific* manner. These features in combination with the additional features of the independent claims are neither disclosed nor suggested by the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
